

AUSTRIA GETS EXTRA WEEK FOR INQUIRIES

Allies Refuse to Let Hollweg Stand Trial for Kaiser's Crimes

FRANCE GIVES ITALY COAL

By the Associated Press
Paris, July 30.—Austria has been granted seven additional days for consideration of the peace terms. August 6 will be the final day on which the Austrian representatives may submit inquiries. This was decided upon by the Supreme Council yesterday.

The council also decided to ignore a Bethmann Hollweg's request to stand trial for the former emperor. Baron Kurt von Lersner, chief of the German peace delegation, who has just returned from Berlin, has sent a letter to the Peace Conference, accepting the procedure proposed by the Allies for the transfer by Germany to Poland of the districts attributed to Poland by the peace treaty.

A commission of experts will be named to apportion control of the rolling stock of the German, Austrian and Bulgarian railways. The economic clauses of the Bulgarian treaty, which is now virtually complete, excepting definition of the boundaries of Bulgaria, were approved.

The council approved the report of the special postal commission which authorizes all the allied countries to resume postal and wire connection with Germany under such restrictions as the individual countries regard necessary.

M. Venizelos, the Greek premier, appeared before the council to urge the claims of Greece in Thrace. The discussion of the question will be resumed today.

Frank L. Polk, American under secretary of state, attended the meeting with the other American delegates. The Americans did not express the position of the United States regarding Thrace, which still is opposed to cutting off Bulgaria from the Aegean sea.

A proposal by Signor Tittoni for Italy in favor of inter-allied control of raw materials was considered and referred to the economic commission. France has agreed to let Italy have immediately part of her coal coming from the Sarre basin as a temporary relief of the fuel famine in Italy.

WINE POOR; SEAMEN STRIKE

French Liner Held Up Until Crew Gets Its Accustomed Drink

New York, July 30.—Substitution of an inferior sour wine for their stipulated ration of one quart of Bordeaux daily precipitated a "no-wine, no-work" strike among the crew of the French liner Chicago, which was ended only when fourteen barrels of the desired vintage was brought alongside and put aboard, it was learned when the vessel arrived here from France yesterday.

After the Chicago had steamed thirty miles down the Garonne river to Pauillac on July 17 men of the crew discovered something amiss with their daily ration. They immediately declared a "strike" and refused to handle the ship unless the wine was changed.

An officer was dispatched to Bordeaux to notify the company of the situation, and soon after a lighter with fourteen barrels aboard was brought alongside. The crew appointed a committee of six to determine whether the new consignment was satisfactory. Each barrel was sampled and approved. Then the ship sailed after a delay of seventy-two hours.

MAY RECALL ITALY'S ENVOY

Roman Paper is Displeased With Share in U. S. Exports

Rome, July 30.—(By A. P.)—The Popolo Romano, criticizing the Italian ambassador to the United States, Count V. Macchi di Celere, for not bringing about closer relations between Italy and the United States says:

"American finance is now in a state of colossal expansion. American bankers and exporters have gold, food and coal to export, and have already started trade on a large scale with central and eastern Europe. We should not stand idle while Jugoslavians acquire the energy of young America. American aid can put new life into Italy to rejuvenate the country."

The newspaper says that "from latest information, the recall of Celere is in the air."

GERMAN ASSEMBLY VOTES CONFIDENCE

Preceding Motion Not to Support Cabinet Fails by 243 to 53

Weimar, July 30.—The German National Assembly voted confidence in the government yesterday by a large majority. The Assembly previously rejected, by a vote of 243 to 53, a motion of lack of confidence offered by the party of the right.

The debate was characterized by strong party recrimination. The opponents of Matthias Erzberger, the vice premier, reproached him for having waited so long to make his disclosures. The proposed extraordinary tax on wealth was voted upon favorably Monday by the council of state.

[A sliding scale, ranging from 10 per cent on property valued at 50,000 marks up to 65 per cent on property valued above 3,000,000 marks was among several plans proposed in German financial circles recently, but the exact nature of the tax referred to in this Weimar dispatch has not been made known in this country. What purported to be the outline of the financial scheme approved by the government, experts, published recently, included a tax of from 25 to 30 per cent on profits from invested capital, as one of the main items of the revenue bill.]

BLAME YOUNG TURKS

Germans Make Official Expose of Plot to Destroy Armenians

Berlin, July 30.—What is described as the "truth about the Armenian massacre" is revealed in the German publication by the Tagblatt, which prints extracts of a book based upon diplomatic documents which the foreign ministry commissioned Johann Lepsius to write.

The writer shows that the Turkish Committee of Union and Progress deliberately decided to realize national ideas by assimilating or destroying the Armenians, who in Turkey number about 1,850,000. He describes the arrest and massacre of 600 Armenian leaders in April, 1915, and how the previous so-called Armenian rising was provoked as a pretext for young Turk schemes. Lepsius repudiates the charge that Germany favored the crimes of that German officials invited the Turks to commit them, saying the German embassy was impotent.

Theodor Wolff, editor in chief of the Tagblatt, in connection with the book refers to the deportation of Belgian unemployed, saying that of 30,000 who were deported and treated as slaves, 1500 perished in two months.

HUNGARIAN SOVIET OFFERS TO ABDICATE

Opening of Pourparlers Is Requested of Entente—Premier a Suicide at Capitol

RED ARMIES ARE DEFEATED

By the Associated Press

Basle, July 30.—The Hungarian government is badly shaken by the defeat of the Red army Monday, according to advices from Vienna. As a consequence the opening of pourparlers has been requested of the Entente for the voluntary withdrawal of the Soviet government and the formation of a new government.

Colonel Cunningham, representing the Allies, has forwarded the proposal to Paris.

Berlin, July 30.—(By A. P.)—The Hungarian people's commissaries elected Colonel Cunningham, the allied representative at Budapest, yesterday, according to the Berlin Lokal Anzeiger, and proposed negotiations for the peaceful resignation of the Soviet and the formation of a new government. The proposal was said to have been forwarded to the supreme council at Paris.

Geneva, July 30.—Alexander Garbal, president of the Hungarian Soviet government, killed himself in the assembly building at Budapest after delivering a speech against the Soviet and the communist supporters and accusing Bela Kun, the Soviet leader and minister of foreign affairs, of leading the nation to ruin, according to the Munich Nachrichten.

M. Garbal until recently was reputed one of the strongest supporters of the Soviet government, but lately he was said to have opposed Bela Kun. He was quoted as stating he realized the futility of the government's course and its dangers to the country.

London, July 30.—In connection with the recent Allied warning to Bela Kun, the Hungarian communist leader, arrangements have been made for a Franco-Serbian advance in case Bela Kun should not meet the allied terms. Reuters Limited says it understands the attack would be made upon the right flank of the Hungarian Red army.

Bucharest, July 30.—The offensive of the Hungarian Soviet government troops along the Theiss river has been completely broken up and the initiative of these operations has passed to the Rumanians, it was announced here today.

RUSSIA OPEN TO GERMANS

Trade Overtures Made by Bolsheviks to Berlin Mission

London, July 30.—Bolshevik forces were reported today in a wireless dispatch from Moscow to be taking advantage of the recent Allied retirement from Omsk by advancing eastward toward the railway running south from Archangel to Vologda. The dispatch said the Bolsheviks had occupied the village of Chumovskoe.

Reverses were announced on the southern fronts where, it was said, the Bolshevik troops had abandoned Konstantinograd and had withdrawn their lines in that region to twenty-seven miles northeast of Poltava. On the Pskov front also, it was said, the Bolsheviks were retreating.

Paris, July 30.—(By A. P.)—A German delegation went to Russia recently and returned with elaborate and alluring economic offers, the Echo de Paris stated yesterday.

[Cecil B. Harmsworth, under-secretary of state for foreign affairs, told the British House of Commons on July 17, that the government believed Germany was attempting to establish trade relations with Soviet Russia and that a German mission had visited Russia or was about to do so.]

WINNIPEG LABOR IS SPLIT

Council Adopts Constitution of the "One Big Union"

Winnipeg, July 30.—(By A. P.)—A split in the labor movement occurred last night when the Winnipeg Trades and Labor Council, by a large majority of the delegates present, adopted the constitution of the "one big union" and ordered the secretary and treasurer of the council to turn over all the council's property to that organization.

There were 120 delegates present out of a total membership of about 200. Prominent members of the council declined today the meeting was not a representative one.

PREMIER NITTI SEEKS FRENCH ALLIANCE

Italian Statesman Portrays Mischief in Possible Revival of Germany

WAR STRENGTHENED LATIN

Paris, July 30.—Premier Nitti, of Italy, has issued an appeal to the French people urging an alliance, in which he says:

"If a new clash should come between France and Germany, you would look to far-away America and to England, which has not ceased to be an island. But we Italians also exist. Think what would have happened in 1914 if we had not been neutral, if you had been obliged to face us in the South."

"I affirm again the necessity of the union of our two countries. For the realization of her national aspirations Italy is relying on the efficacious and complete support of France. If our aspirations are just, why will you not make a bloc with us? Any other attitude would injure not only our interests, but yours. After buying the victory with their blood, France and Italy must gain peace by their work and sacrifices."

As a result of the war 2,000,000 Italians have been added to our population. In a few years we shall have 50,000,000, as against an Austria reduced to morsels, a reduced Germany and a humbled Russia. Of all the countries Italy emerges from the war in the

best condition, with more men fit for work. We possess henceforth impregnable frontiers. We will form the strongest body in Continental Europe.

"Germany is not dead. I am convinced she will recover more quickly than is supposed, and the effort she will make to repair the disaster will bring her order and discipline. Italy and France must not be lulled into an illusion of victory. We do not wish another war, but should it come we must be ready."

REDS GET HOLD IN BULGARIA

Disorders and Bloshed Occur—General Revolution is Expected

London, July 30.—(By A. P.)—Reports from Bulgaria by way of Berlin declare that bolshevism is spreading in that country, says an Exchange Telegraph dispatch from Copenhagen today. Several demonstrations have occurred in the larger towns, accompanied by disorders and considerable bloodshed, the message declares.

The soviet system of government is demanded, it is added, and a general revolution is momentarily expected.

A Russian soviet government wireless dispatch from Moscow on Tuesday reported a Bolshevik movement in Bulgaria. The garrison of one town was said to have joined the "Bulgarian Bolsheviks" there. A strike of the Bulgarian railway and transport workers also was reported.

Judging now by the War facts—
The American Smoke is a cigarette

NOT only because they proved such a necessity with our fighting men on land and sea, but also perhaps because they are the mildest form of smoking, cigarettes have at last come into their own.

Today among young men as well as old, plain men and prominent citizens, the cigarette is more popular than cigar or pipe and as highly respected as either.

One cigarette in particular seems, as the following facts show, to have won a position as America's first choice in smoking, East and West, North and South—nation-wide.

—and one cigarette in particular:

- At Washington
A fact: Each day the Nation's capitol sees a new throng of big professional and business men, from every state in the Union. But each day, at the Capitol Building and at Washington's leading hotels, including the Shoreham and the Willard, these changing hundreds of men buy more Fatimas than any other cigarette.
- In the Army
A fact: At the big army training camps during the war were thousands of soldiers from each State and Territory. At every one of these camps, Fatima was a leader. In fact, at many of them Fatima was steadily the one largest seller. And over 740 million Fatimas were sent to our troops abroad.
- In the Navy
A fact: The officers in our Navy come, of course, from every part of America. But, regardless of where they come from, Fatima suits most of them best. Of all the cigarettes sold in Officers' Mess throughout the whole Navy, over 80% are Fatimas.
- With our NC Ocean Fliers
A fact: The 15 American men who flew on the NC-1, NC-3 and NC-4 hailed perhaps from 15 different states. But of the 15 men, twelve chose Fatimas to keep them company on that long, lonely, daring flight.

FATIMA
A Sensible Cigarette

"Just enough Turkish"

This, in three words, is the reason. This is why, all over America, Fatimas are the choice of shrewd, knowing smokers. Fatimas are not a straight Turkish cigarette. Most men find straight Turkish too heavy. The famous Fatima Turkish blend contains just enough Turkish—just enough to taste right and just enough to leave a man feeling right, even when he smokes more than usual. This also is why Fatimas today are out-selling all of the fancy, expensive, straight Turkish cigarettes—even at places such as Palm Beach and French Lick, and at America's smartest hotels and clubs.

A Series of
Eye Talks No. 188
By Joseph C. Ferguson, Jr.
Our Next Talk Wed., Aug. 13

WOULD you suppose that eye troubles could be brought about by a simple eye-rubbed blood?

The eyes are nourished and strengthened by the blood, and physical or constitutional weakness or impaired health impoverishes the blood and causes the eyes to suffer.

Under such circumstances you can readily see why you should entrust the diagnosis and treatment to an oculist—a physician, or specialist, in study and correction of conditions that affect the eyes.

If an examination shows that glasses are necessary, have the prescription filled by an experienced optician.
